

HONEY EXTRACTOR RENTAL

“For use by our members for the extraction of honey as a hobby. The original purchase and maintenance is funded by your subscription to the club.

As a valuable resource, we expect members to treat the equipment with respect, and ensure it is returned in a condition suitable for use by fellow members. It is not expected that members would need extended use of the extractor to the detriment of members that have just started beekeeping, eager to get their first pot of honey. During times of high demand, a waiting list will be in operation, and maximum cooperation between members is essential. Members should ensure it is kept in conditions suitable for food production, and the onus to ensure it is appropriately clean for food use prior to use remains with the user”

EQUIPMENT

The equipment for rent consists of:

- One Universal Radial Extractor
- One set of legs

RENTAL AGREEMENT

1. The maximum period of hire is three days. The hire, collection and return must be arranged with Anne Marie Parker on [07941 342976](tel:07941342976) or annemarieparker2@icloud.com. The extractor must be picked up at the address below and returned promptly afterwards
2. A hire charge of £5 shall be paid into the ELBKA Account at the start of the hire. Alternatively, a cheque for £5 payable to ELBKA and posted to Anne Marie Parker, 4 Harefield Rise, BURNLEY BB12 0EZ.
3. The extractor shall not be used for commercial extraction.
4. The extractor must be returned cleaned of all honey and extraction residue. It must be returned complete and undamaged, including the two sections of the covering lid, the main extractor body and motor, stand and laminated instructions. Any failure to adhere to these provisions may result on future hire being banned and/or the levy of a cleaning or repair charge. The £20 deposit that was previously held against the return of a clean, complete and undamaged extractor is waived under the current restrictions.
5. Please follow the current COVID-19 social distancing guidelines when collecting or returning the extractor and do not involve anyone other than members of your household in carrying out the extraction. Also follow the hand washing instructions when handling the extractor. We will wash our hands before and after handing over/receiving the extractor.
